November EDITION

UNITED UNDER THE UAE FLAG

The flag has a deeper meaning for Emiratis since the pan-Arab coloured banner was adopted on December 2, 1971 – the day that united all the seven emirates.

Know the UAE Flag

GREEN: Symbolises growth, prosperity, green environment and cultural renaissance.

RED: Symbolises the sacrifices of previous generations who had laid the foundations for the Union and the sacrifices of the nation's martyrs to safeguard the UAE, its achievements and gains.

BLACK: Reflects the strength of Emirati citizens, rejection of injustice and extremism.

WHITE: Symbolises the UAE's charitable contributions and the state's approach to support the security and peace in the world.

What does the day signify?

The national occasion reminds the UAE people of the efforts of the country's founders and those who sacrificed everything for the nation.

Today at 11am.

Show your patriotic spirit. Public and private sector entities will be hoisting the National Flag today. Buy a mini flag and be part of the national occasion.

What is Flag Day? When is it marked?
Flag Day falls on November 3, the accession day of His Highness Sheikh Khalifa bin Zayed Al Nahyan as President of the UAE. This year, His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai, called on the community to raise the flag on November 1.

How is the day marked?
On this day, Emiratis sing the country's National Anthem and hoist the flag atop their buildings and in their backyards. A number of lectures and competitions are usually organised about the history of the flag, its colours, and elements of national identity.
