KG2 WEEKLY PLAN

Term 1 / Week 8

Monday 06/10/2025 to Friday 10/10/2025

Activities in Class

Module:2 There's Only One Me!

Week: 1

Lessons:1-2-3-4-5

Essential Question: What makes each of us special?

Social Emotional Learning: Focusing on the Whole Child

Self-Awareness: Children identify the feelings of the character

Literacy

Build Knowledge and Language

Oral Language: Topic Words

Active Listening and Viewing

Collaborative Discussion

Reading And Vocabulary

Story Elements: Characters, Setting, Events

Oral Language: Academic Vocabulary

Monitor Comprehension

Plot: Problem and Solution

Genre Characteristics: Persuasive Texts

Opinion and Reasons

Print Concepts: Directionality

Foundational Skills

Identify Syllables

Identify Final Sounds

Segment Syllables

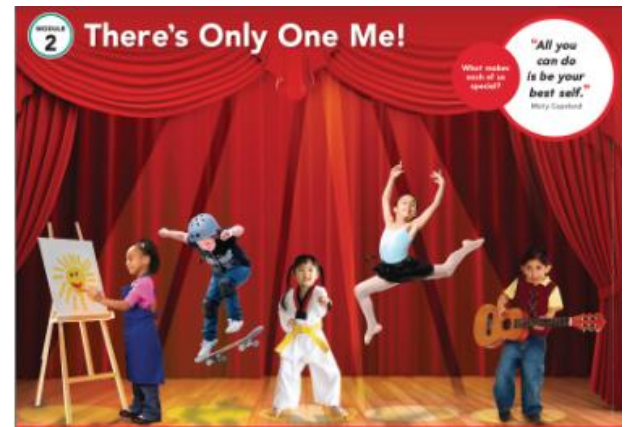

Phonics: Consonants t and b

High-Frequency Words: Words to Know: by, my, to

Read Pre-decodable Text: A-Z-

Bb Consonant - Tt Consonant - The Plant

Writing Workshop: Narrative Writing

GET CURIOUS VIDEO:
You and Me

Organization: Order of Events
Grammar: Verbs-Past-Tense Verbs

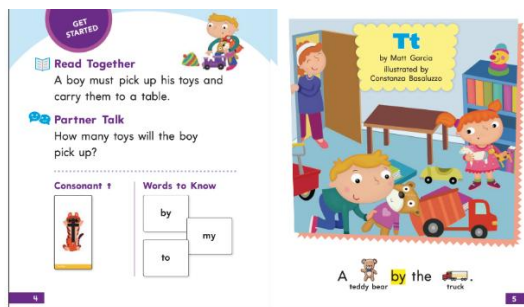

Introducing Key Kindergarten Skills

Kindergarten introduces children to the letters of the alphabet.

Reading:

Tell children that over the next few weeks they will build and strengthen their reading, writing, listening, and speaking skills as they explore what makes each of us the same and different. You will read with one to one and small group reading sessions. Children will choose a stuffed animal and practice reading Leveled Readers or Start Right Readers to their fuzzy friend. Then they record the books on the Printable: Reading Log. They could also try reading to a class pet!

KG2 WEEKLY PLAN

Mathematics

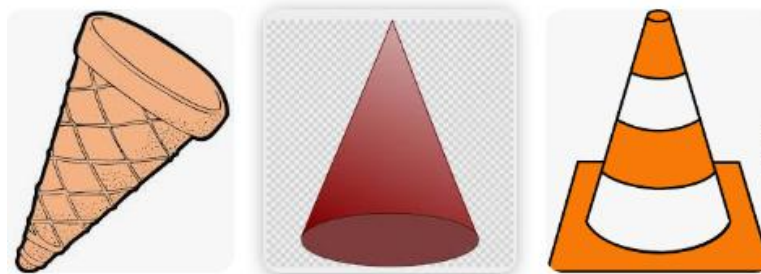

Comparing Numbers

Within 10 In this module, students will learn to recognize, write, and compare numbers from 1 to 10. They will practice using terms such as greater than, less than, and equal to while working with objects, pictures, and numerals. Through engaging activities, students will build understanding of number relationships, order numbers correctly, and strengthen their ability to compare quantities, laying a strong foundation for future math skills. 3D shapes This week, children will be learning all about cones. Children will identify cones, spheres and cubes. They will describe their characteristics and properties.

3D shapes

This week, children will be learning all about cones. Children will identify cones, spheres and cubes. They will describe their characteristics and properties.

Social Emotional Learning (SEL)

During this Module, Social Emotional learning will focus on “**Positive Self-Talk**”. In this lesson, children will discuss how positive and negative thoughts affect self-perception and self-confidence. How feeling good about yourself makes a difference in how you view yourself and the world around you, and how positive thoughts help with growth mindset and personal outcomes.

Dive Into Kindergarten

KG2 WEEKLY PLAN

KEY CONCEPTS IN THIS LESSON

- ***growth mindset** the mindset or belief that you can learn and grow from disappointment and failures
- ***self-awareness** the ability to recognize your thoughts and feelings and how they affect your behavior
- ***self-confidence** your belief in your abilities
- ***self-perception** how you think about yourself
- ***self-talk** how you think, feel, and speak to yourself about you.

Self-Awareness: Children identify how a character is feeling.

We will reinforce the key messages about self-awareness by di
reading the text:

How does René feel after he shares his essay?

By the end of the story, how do you think René feels about himself?

Meet **Positive Polly**

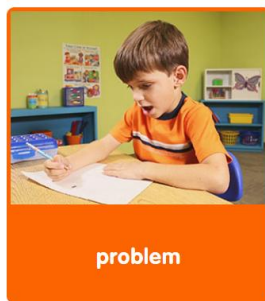

Science

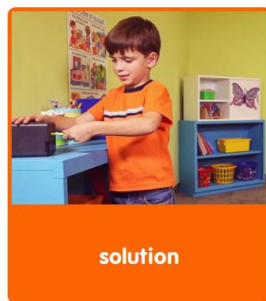

Unit 1: Engineering and Design

In the "Engineering and Design" unit, kindergarteners will embark on an exciting journey to explore the principles of engineering through hands-on projects and creative problem-solving. Students will learn the engineering design process, which includes asking questions, imagining solutions, planning, creating, and testing their designs.

Throughout the unit, children will engage in collaborative activities where they will identify challenges in their environment and brainstorm innovative solutions. They will use various materials, such as building blocks, recycled items, and art supplies, to construct their designs.

problem

solution

Unit 3: Plants and Animals

Lesson 2: What Do Animals Need?

In this unit, children will explore the world of animals and what they need to live and grow. Through hands-on activities, stories, songs, and observations, children will learn that animals need food, water, air, and shelter to survive. By the end of the unit, children will understand that animals are living things with basic needs, and they will develop curiosity, care, and responsibility toward animals and the world around them.

KG2 WEEKLY PLAN

Creative Arts

Creative Arts are a powerful tool for promoting social-emotional learning because they allow students to explore and express their emotions, understand and appreciate the perspectives of others, and learn how to work together and solve problems collaboratively. Throughout the Module children will a variety of artwork such as draw pictures and write words about themselves, design their own trading card, use a variety of art materials to create and label self-portraits and many more.

Homework Plan for KG2

Week # 8 Monday 06/10/2025 to Friday 10/10/2025

Daily Reading

The Importance of Daily Reading

Reading to your child every day helps build their language skills, imagination, and love for learning. It strengthens your bond and sets a strong foundation for future reading and success in school. Just 10-15 minutes of reading each day can make a big difference!

Book skills and comprehension: ± 15 minutes

Your child is expected to read at least ONE book every day.

- What is an author? An author is a person who writes the story.
- What is an illustrator? An illustrator is a person who draws, colors, designs or paints the illustrations, or who takes the photos.
- What do the pictures tell you about? Who are the characters in the story? Where did the story take place (setting)? What is the main idea of the story? What happened in the beginning, middle and end of the story?
